Decades went by as the crusades marched on  
Huge army blessed by sanctuary in black  
Guardians of Empire, our Morbid Reich  
Sky-touching castles, dark palaces where Evil never  
dies

(lead Spider)  
(lead Peter)

We march again to wipe out the unpure  
All light is threatened by the dark  
Flags smashed by the might  
Ruined and splintered, the age of demise has arrived

(lead Peter)  
(lead Spider)

Beyond this veil, veil of tears, we take all life forever  
Pride and glory, lust and hate, it's all what we feel  
Emerging from the Netherworld, into the light  
Our shields all covered by warm virgin blood  
Crows and vultures fly over heads  
Foreshadowing the return to the Morbid Reich  
Displaying foe's heads on the spikes  
We are coming back, coming home
