

Vader "Shape Shifting"

Visit "[Shape Shifting](#)" on MotoLyrics.com

Inexorable conversion
Accelerated change
Prosthesis made of light
For new modular religion
Newly minted nightmares

In luminous code
Machina ex machina
Infocalypse now

The categories crack and strain
The borders bleed and break
The mind ignites and burns
Shape-shifting

The time of quickening
Undivine invasions

The stony blood
The liquid architecture
Pornography of the mind
Implantation of the soul
Anomaly breeding
All lifeworlds gush
Furious glossolalia
Unholy heterosia
Festive impurity
Orgy of mutation
Fluidity of the "I"
Demonic simulacrum

The categories crack and strain
The borders bleed and break
Treason of the Godhead
Nan shall defy
