Woah, now I am drained
And I don't wanna run no more
I think I've done enough and I know
You said you'd wait on the other side, yeah
But I can't keep with the pace
That you set when we began, I
I don't wanna run no more
Said I think I've done enough, yeah

I wanna understand the pain you put me through
So I go out and search for reasons why you are not
around me anymore
I wonder if my leaving was your aim
To keep me near, but never close enough for coming
home

So don't buy me flowers, if you're gonna bring me
roses
Scar tissue's settling, right where the other thorn is
Don't come around here, if you're gonna leave me
hopeless
Scar tissue's settling, right where the other thorn is

Woah, now I am drained
And I don't wanna run no more
I think I've done enough and I know
You said you'd wait on the other side, yeah
But I can't keep with the pace
That you set when we began, I
I don't wanna run no more

Said I think I've done enough, yeah

I need to find a way to deal with being a fool
I'm getting by oh so high I know I will crash eventually
It's all the blur and tears I see, through
They let me smile but when they don't dry out I can see
you clear

So don't buy me flowers, if you're gonna bring me
roses
Scar tissue's settling, right where the other thorn is

Don't come around here, if you're gonna leave me
hopeless
Scar tissue's settling, right where the other thorn is

Woah, now I am drained
And I don't wanna run no more
I think I've done enough and I know
You said you'd wait on the other side, yeah
But I can't keep with the pace
That you set when we began, I
I don't wanna run no more
Said I think I've done enough, yeah

Has she, or hasn't she got everything I ever wanted
Has she, or hasn't she got everything that I want
Has she, or hasn't she got everything I ever wanted...
