I know a girl / she's got those long nails  
She could scratch out your eyes in one move / she  
could wreck a spine of the strongest man / I'm in luck  
'cause I know her to be soft and smooth

Oh what you giving  
I just want your arms around me  
Oh it's easy to see  
That you've stopped me from drowning  
Oh what you giving  
I just want your arms around me  
Oh it's easy to see  
That you've stopped me from drowning

Uh huh huh / remember my name  
Uh huh huh / you could love me  
Uh huh huh / remember it  
Uh huh huh / you could love me

Yeah I know a girl  
She knows what she wants  
If you get in her way  
Be ready / she ain't got the time to wait around  
Right now I hope what she wants  
Is to be with me

Oh what you giving  
I just want your arms around me  
Oh it's easy to see  
That you've stopped me from drowning  
Oh what you giving  
I just want your arms around me  
So let me take the lead  
Now you've stopped me from drowning

Uh huh huh / remember my name  
Uh huh huh / you could love me  
Uh huh huh / remember it  
Uh huh huh / you could love me

Uh huh huh / remember my name  
Uh huh huh / you could love me

Uh huh huh / remember it  
Uh huh huh / you could love me

Lifts me higher  
I am 8 feet tall  
Spreading flowers  
Everywhere she walks  
No you never really know  
When she's gonna come or go  
She can control my high and low

Oh what you giving  
I just want your arms around me  
Oh it's easy to see  
That you've stopped me from drowning  
I said what you giving  
I just want your arms around me  
So let me take the lead  
Now you've stopped me from drowning

Uh huh huh / remember my name  
Uh huh huh / you could love me  
Uh huh huh / remember it  
Uh huh huh / you could love me

Uh huh huh / remember my name  
Uh huh huh / you could love me  
Uh huh huh / remember it  
Uh huh huh / you could love  
You could love  
You could love  
You could love me  
You could love  
Don't you ever forget my name  
You ever forget my name
