You give smiles and we get down
I have longed to be you lover
And you know it
I never knew what I was in for

I belong to you tonight
The world is not around
You picked up for love
Oh don't roll me too tight
It goes smooth with the shiraz

Sweat until the morning
But you know I'll take off
Later in the day
Leave your skin so soft
Sweat until the morning
Sticking by my word
Swearing I wont ever come back
Unless you ask me, babe

All the candles burning slow at night
You come closer what a sight
You don't say my name
Keeping silent you take off with me
Leaving earth so quietly
I am yours to tame

Anytime you want to come closer, star
Everytime you breathe, I breathe with you
I can bring myself to where you are
Yes I said I'm in
All the

Sweat until...

Away from the distant light
We dance for starry skies
We wait till we hear the morning
And that is when we fly

Sweat until...
