Tonight I kiss my lover for the last time
Hee comes for me at midnight, slipping past the gate
Floating to my bed
I'll let his hands caress me for the last time

He knifes into my body
Forcibly and proud
My lover is incredibly endowed
Thicker than my husband

And as I kiss my lover for the last time
The room dissolves around me
I desert my body
All of time is gone

Dusk is dawn
Dawn is noon
Late is now
Now is soon

This is what its like to be God

I watch myself outside myself
Sleep and breath and wake and sigh
Laugh and kiss and fuck and lie
My god, it's hell to be God

Watching from a distance
I neither laugh nor cry

As the flood gates are open
And the innocent die
A lie becomes the truth and the truth becomes a lie

Lie

Tonight I kiss my lover for the last time
My husband knows our secret
I've confessed my guilt
I'll end my lover's life
and I'll return to my body

To my four cornered room

What I've set in motion

Cannot be reversed

Time will resume

Time

Time

Time
