Tonight I kiss my lover for the last time  
I go to her at midnight, slipping past the gate  
Floating to her bed  
I'll let her hands caress me for the last time  
I knife into her body  
Forcibly and proud  
She says that I'm incredibly endowed  
Thicker than her husband

And as I kiss my lover for the last time  
The world dissolves around me  
I desert my body  
All of time is gone  
Dusk is dawn  
Dawn is noon  
Late is now  
Now is soon  
This is what it's like... to be GOD!

I watch myself outside myself  
Sleep and breathe and wake and cry  
Sweat and shit and screw and lie  
My god, it's hell to be God!

Watching from a distance  
I neither laugh nor cry  
As the flood gates are opened  
And the innocent die  
A lie becomes the truth  
And the truth becomes a lie  
Lie... lie

Tonight I kiss my lover for the last time  
She'll feel my hands about her  
Tight around her throat  
I'll end my lover's life  
And I'll return to my body  
To my bones, to my skin

What I've set in motion  
Cannot be reversed

Time will begin...  
Time... time... time!
