Two bodies lying naked  
Is it you and me  
Flash warning a sexual preview  
Of what you can do to me

You hear voices in your head  
It's me I'm calling you  
You hear voices in your bed  
It's me I'm calling you back

(chorus)  
Feel the fever of a 1000 degrees  
I wanna touch you  
Feel the fever of a 1000 degrees  
I wanna touch you  
Touch you...

Eye to eye cheek to cheek  
Feel the thrills in my satin sheets  
Had your pleasure now here's your pain  
Now the nights seem to drive you insane

You hear voices in your head  
It's me I'm calling you  
You hear voices in your bed  
It's me I'm calling you  
It's me I'm calling you back

(chorus)

It's not that far away  
You see the visions of your past

(chorus)
