Planets turning
Wars are waging
You seem to be the one
In the night time you forget that
I'm not the one
I'm not the one to tell you on
Little Lisa such a young girl
She seems so innocent
It's not easy the streets call you
I've been there too
I'm not the one to tell you no

Planets turning and wars are waging
And time waits for no one
I'll wait for you
Planets turning and wars are waging
And time waits for no one
I'll wait for you

Hear the tick tock of your heartbeat
Cracks on the sidewalk
You can't slip through
Like the rain does
Dying's what people do down there
Planets turning and wars are waging
And time waits for no one
I'll wait for you

Planets turning and wars are waging
And time waits for no one
I'll wait for you

(solo-James)

I see your face baby in my dreams
The rain can't wash you clean when it falls down
You seem to me to be, more than meets the eye
But I'm still here standing
It's alright now
Go ahead and cry
(solo, chorus out)
