The first time that I saw you  
Your face glowed in the lights  
A face that seemed to call me to my future paradise  
I felt some words after three nights  
I thought our souls touched  
I watched you when you sleep  
Now have I gone too far?  
So come on baby whisper  
So come on baby whisper  
So come on baby  
Now even though you want to scream tonight  
Better whisper  
I felt the sting after three nights  
My gates came crashing in  
The walls I so carefully built came tumbling down on  
me  
Your bedroom eyes look so sleepy  
I'm falling too fast deeply  
I watch you when you sleep  
Now have I gone too far?  
So come on baby whisper  
So come on baby whisper  
So come on baby  
Now even though you want to scream tonight  
Better whisper  
So come on baby whisper  
So come on baby whisper  
So come on baby  
Now even though you want to scream tonight  
Better whisper  
And if it feels too good  
I save my soul from the cold of a heart turned stone  
And if it feels too good  
I think it's time we better slow it down right now  
Better whisper  
Better whisper  
So come on baby whisper  
So come on baby whisper  
So come on baby  
Now even though you want to scream tonight
