Lay me down in a bed of roses  
Touch my lips before I sleep  
You're with me now but when I close my eyes  
She's in my dreams and the pain's still deep

Like a candle in the wind I'm easy to put out  
Like a picture through your window  
You see right through my heart  
Like a candle in the rain I'm easy to put out  
Like a picture through your window  
You see right through my heart

I never knew that nights could be so long  
Without you  
And only time will heal time will heal all wounds  
I never knew that nights could be so long  
Without you  
And only time will heal time will heal all wounds  
Lay me down in a bed of roses  
Feel the thorns they cut my heart  
The drops of blood they fall and mix with all my tears  
Have I given up on love

Like the candle in the rain I'm easy to put out  
Like a picture through your window  
You see right through my heart

I never knew that nights could be so long  
Without you  
And only time will heal time will heal all wounds  
I never knew that nights could be so long  
Without you  
And only time will heal time will heal all wounds
