I guess we all believe and pray in a different way
I know He has many names
I'm sure that - all in all - it stays the same
.. All comes out one day
We're all afraid that day might not be so far away
If we want to live here and stay
Better not let Gaia wash us away
She's got rules we must obey
A-ha-ha-ha-ha-ha-ha the world has always judged itself
When it comes to crimes - I know
A-ha-ha-ha-ha-ha-ha-ha who's going to judge the Earth
When a crime has been done by the world...
All by the world itselfs, yeah...
I know you still dream of harmony
..And I guess I'll just dream on with you
We're nothing but a lonely crowd
Gaia, Gaia... Where do we go
Why do you go, and leave me alone
Gaia, Gaia... I want you to know
I couldn't save you all on my own
Gaia...(Gaia)
Bury us all under ice
World, calm down...take five, 'cause you lost the
Meaning of life
So many ways to survive
Millions of chances more than meets the eye
..Life could be so nice (Hear the bird of Greenpeace
sing)
We're so far we even can't wage a war no more
Even the moon would be gone
Who would be left over to say "We won"
.. Back to where it all begun
A-ha-ha-ha-ha-ha-ha the world has always judged itself
When it comes to crimes - I know
A-ha-ha-ha-ha-ha-ha-ha who's going to judge the Earth
When a crime has been done by the world...
All by the world itselfs, yeah...
I know you still dream of harmony
..And I guess I'll just dream on with you
We're nothing but a lonely crowd

Gaia, Gaia... Where do we go

Why do you go, and leave me alone
Gaia, Gaia... I want you to know
I couldn't save you all on my own
Gaia...(Gaia)
Bury us all under ice
Bomb + Dumb = Going To Die (aah)
All living on a Lie (aah)
..The rub-a-dub into the night (aah)
Who's going to live, who's going to die (aah)
Solo
I know you still dream of harmony
..And I guess I'll just dream on with you
We're nothing but a lonely crowd
Gaia, Gaia... Where do we go
Why do you go, and leave me alone
Gaia, Gaia... I want you to know
I couldn't save you all on my own
On my
On my own
Solo
Gaia, Gaia... I want you to know
I couldn't save you all on my own
Gaia... (Gaia)
Bury us all under ice
Our youth has a few words to say
Maybe they know we wiped their future away
Could be they've got nothing to say
Maybe they don't know whether they are going to stay,
or not
I know they've got ONE thing to say
And we all want a better place, but Gaia let it go, let it
go
/And we all want a better place, but Gaia let it go, let it
go
/Whatever we do, chances are few: every way leads to
heaven
/And we all want a better place, but Gaia let it go, let it
go
/Whatever we do, chances are few: every way leads to
heaven
/And we all want a better place, but Gaia let it go
/Whatever we do, chances are few
WE NEED A HAND FROM ABOVE
Oh, oh, Gaia...
Oh, oh, Gaia...What we're living for
She is going to die
Unless...
