[Verse I:]

Yesterday a star was born  
Universe is breathing it is pure life

[Verse II:]

Now, today: lights in the sky  
No longer fiction no more

[Bridge I:]

La-lai- la la lai- la la lai- la la lai-la  
I just can't live without loving you

Everyday some people die  
Some people are being born  
I hope, I'm taking home  
A better understanding of my life  
Before I die

[Chorus I:]

Mother nature, sow the seeds  
Modern nation bleeds  
Under the kosmos we breathe

Mother nature, come alive  
Modern nation sleeps  
O-o-o-oh oh leave it to the kosmos, anyway

[Verse III:]

What will pass after we die  
Kosmos keeps the answers  
That we're afraid of

[Verse IV:]

On one point we agree,  
We and our worst enemy  
This new century's fortnight  
We want an answer to it all!

[Bridge II:]

La-lai-la la lai- la la lai- la la lai la  
I just can't live without loving you

Watch the world go down before our eyes  
Only a child's mind could save its soul  
But as the years go by they'll soon go with the flow  
Of modern times

[Chorus II:]  
Mother nature, sow the seeds  
Modern nation bleeds  
Under the kosmos we breathe

Mother nature, come alive  
Modern nation sleeps  
O-o-o-oh oh the only thing we can do  
Leave it to the kosmos, anyway

[Spanish intermezzo]

[Bridge III:]  
La-lai-la la la lai- la la la lai-la la la lai-la  
I just can't live without loving you

[Intermezzo II:] "the falling leave"  
As we gather in a universal brain

[Chorus III:]  
Mother nature, sow the seeds  
Modern nation bleeds  
Under the kosmos we breathe

Mother nature, come alive  
Modern nation sleeps  
O-o-o-oh oh the only thing we can do  
Leave it to the kosmos, anyway

[Verse V:]  
Why things turn out as they do is  
Partly solved a mixture of karma  
An accidental coincidence

[Verse VI:]  
As for the reason of existence  
Collectors of wisdom then die  
Providing an eternal flow of knowledge  
Gathered in a universal brain with many names

[Chorus IV:]  
Cosmic accordion Intermezzo

Mother nature, come alive  
Modern nation sleeps  
Under the kosmos we breathe

Under the kosmos we sleep  
And the whole world want answers so  
Please...
