"Sit on my lap"he says with a smile  
A Kiddie-lurer is on the loose  
He's on a motor-bike , in broad day light  
So don't go in the dark,  
alone to Ley Park

'Calle on the Galleon  
while Cindy is in the Labyrinth now,  
Papa & Mama

Whereever Lizet goes I don't know;  
She gave me Lucky Clovers with the brightest  
smile  
and out love was worthwhile

Come enlight your mind;  
LEY PARK FOREVER !  
By the river, green  
Little girl you keep your promise

Come enlight your mind;  
LEY PARK FOREVER !  
And now that we keep our promises  
We're in Ley Park forever

Toilette Babette in my head and I smile  
Your aching belly changed my life  
You let me watch you  
Pascalle & Babette  
You let me show yours  
then I will you mine

Big Star by 1994  
I want to meet you, like before

Pascalle I'm at your door at last  
but you don't recognize me from TV,-nor the past  
and I guess that's the best

Come enlight your mind;  
LEY PARK FOREVER !

By the river, green  
Little girl you keep your promise

Come enlight your mind;  
LEY PARK FOREVER !  
And now that we keep our promises  
We're in Ley Park forever

They're all grown up, a wimp for a man  
and probably acting bitchy  
Lost the child inside  
but superficially nice

Pascalle & Babette  
We're naked, hand in hand  
and off to Ley Park

off to Ley Park

LEY PARK !

Come enlight your mind;  
LEY PARK FOREVER !  
By the river, green  
Little girl you keep your promise

Come enlight your mind;  
LEY PARK FOREVER !  
And now that we keep our promises  
We're in Ley Park forever
