Silence, your stillness overcomes me this night again
And with our fight on my mind: if you don't take me
For who I am
What am I livin' for?
Why, oh why this eventide do the stars and skies
entice..
Suicide, though I know I never dare to decide
Wether I should live or die (I break down and cry)
I'm in love, I'm cold and I'm on fire...do you understand
No, and now my heart is in your hands
Am I in love, or am I caught up in your barbed-wire:
(Caught up at a glance)
Oh, and now my heart is in your hands
I'm in love and I'm in pain
My God, don't let it be in vain
Intermezzo I
If you should call it a day, and wander lightyears away
To be another shade in my mind
I'd care, but I'm not afraid: Can't tear away
'Cause our hearts entwine
I know what I'm livin' for
Why, oh why you stole my heart
And brought it back the other day?
Why, oh why does everything in my life slip away?
And with nothing left to say (I'm on my knees and pray)

I'm in love, I'm cold and I'm on fire...do you understand
No, and now my heart is in your hands
Am I in love, or am I caught up in your barbed-wire:
Caught up at a glance
Oh, and now my heart is in your hands
I'm in love and I'm in pain
Intermezzo II
Solo Valensiana
Why you mend my broken heart
Why you tend to me tonight?
Why, oh why is every doubt in my head put aside
When you make my life so bright
(Together we'll make it right!)
I'm in love, I'm cold and I'm on fire...do you understand
No, and now my heart is in your hands
Am I in love, or am I caught up in your barbed-wire:

(Caught up at a glance)
Oh, and now my heart is in your hands
I'm in love and I'm in pain
My God, don't let it be...
And now my heart is in your hands
And now my heart is in your hands
And now my heart is in your hands
And now my heart is in your hands
And now my heart is in your hands
