Visit "[Dance Boogie](#)" on MotoLyrics.com

I can feel it in the air
Inside my atmosphere
I can tell you're under pressure
The connection's crystal clear

Let the music be your dynamite
Make you let it go faster, faster
Don't know why you're putting up a fight
I think you need to step into the starlight

Don't stop dancing
Throwing up your hands and
Take a second chance, Yeah
Dance Boogie Don't Stop
Don't stop moving
Doin' what you're doing
Rockin' to the music
Dance Boogie

Feelin' alright
Dance Baby Boogie tonight
Dance Boogie Don't Stop

Let the system suck you in
Can you feel it tingle on your skin?
I can tell you're under pressure
Watch it disappear when you start to spin

Let the music be your dynamite
Make you let it go faster, faster
Don't know why you're putting up a fight
I think you need to step into the starlight

Don't stop dancing
Throwing up your hands and
Take a second chance, Yeah
Dance Boogie Don't Stop
Don't stop moving
Doin' what you're doing
Rockin' to the music
Dance Boogie

Feelin' alright
Dance Baby Boogie tonight
Dance Boogie Don't Stop

Dance! Boogie!
Dance! I Love it! Boogie!
Dance Boogie Don't Stop

Don't stop dancing
Throwing up your hands and
Take a second chance, Yeah
Dance Boogie Don't Stop
Don't stop moving
Doin' what you're doing
Rockin' to the music
Dance Boogie

Feelin' alright
Dance Baby Boogie tonight
Dance Boogie Don't Stop

Don't stop dancing
Throwing up your hands and
Take a second chance, Yeah
Dance Boogie Don't Stop
Don't stop moving
Doin' what you're doing
Rockin' to the music
Dance Boogie

Feelin' alright
Dance Baby Boogie tonight
Dance Boogie Don't Stop
