This is serious sh*t
All the cutie girls in the club sing along
Serious sh*t
All the cutie girls in the club sing along
I got a boyfriend
And you ain't got one
I got a girlfriend
And you ain't got none
I got a boyfriend
And you ain't got one
I got a girlfriend
And you ain't got none

So I stepped out the crib
So fresh, So clean
Popped down the drop and hopped in the beam'
Pulled to the corner and grabbed Maxine
She was stuntin', I was stuntin'
We was reppin' for the team
Saw this blonde chick and she stared at me,
She was dressed cool but not as bad as we
I don't really care if she hate on I,
'Cause she ain't got a boy and a girl like mine

All the cutie girls in the club sing along
All the cutie girls in the club sing along
All the cutie girls in the club sing along
All the cutie girls in the
All the cutie girls
I got a boyfriend
And you ain't got one
I got a girlfriend
And you ain't got none
I got a boyfriend
And you ain't got one
I got a girlfriend
And you ain't got none

So I went to the club with my B and my G
Strolled past the line
Up to V.I.P.
Bumped into Sara and her man Dopey,

But we don't party with no suckas and their fake CZ'z?
Off to the floor where the dancin' be
I was being grilled by the girl with the weave
She better get to countin'
It's one, two, three
No she ain't got a boy and a girl like me

All the cutie girls in the club sing along
All the cutie girls in the club sing along
All the cutie girls in the club sing along
All the cutie girls in the
All the cutie girls
I got a boyfriend and you ain't got one
I got a girlfriend and you ain't got none
I got a boyfriend and you ain't got one
I got a girlfriend and you ain't got none

What?What?
