Hurry it up
We're gonna party hard tonight (Night Night)
Hair curled up
And my skirt is pretty tight (Tight Tight)
Hold me, rub me, dance up on me
Promise I won't bite (Bite Bite)
Squeeze me like a lemon
Honey Drop it hot tonight (Night Night)

Dancin'
It's a California weekend
Can't stop the beat that I'm feelin'
Dancin'
It's a California weekend
Can't stop the beat that I'm feelin'

Never been the kind to wait around for the girls
You know I'm comin' out a Lola tonight
Never been the kind to wait around for the boys
You know I'm comin' out a Lola tonight
Lola la la la la la la
Lola la la la la la la la

Enough is enough
I'm not sittin' home tonight
Put on your glasses
'Cause this chick is outta sight
Hold me, rub me, dance up on me
Promise I won't bite
I'm a cupcake baby
It's your birthday all night
Yeah

Dancin'
It's a California weekend
Can't stop the beat that I'm feelin'
Dancin',
It's a California weekend
Can't stop the beat that I'm feelin'

Never been the kind to wait around for the girls
You know I'm comin' out a Lola tonight

Never been the kind to wait around for the boys
You know I'm comin' out a Lola tonight
Lola, la la la la la la
Lola, la la la la la la la
Lola, la la la la la la
Lola, la la la la la la la
L-o-l-o-l-o-a
Everybody wanna play with Lola
Lola!

Everybody wanna play with Lola
