How can it be so easy?
No one can take you from me
You will be forever...
Mine

There's no reason why...
Feelings can come and go so easy
And as time goes by...
You live for love
For love

There's no reason why...
We should be living in the past time
Every day you stay...
In my heart

Sweet pretender...
I've got the key to find
True surrender...
I'm gonna make you're mine

It's so easy now
How can it be so easy?
And tonight...
I realize how lucky
Love can be with you

It's so easy now
How can it be so easy?
And tonight...
No one can take you from me
You're forever mine

There's no reason why...
We two were made for one another
When you're near I try...
To be for love
For love

Please don't pass me by...
Make up your mind
And I won't let you go

Don't waste precious time
Here and now

Sweet pretender...
I've got the key to find
True surrender...
I'm gonna make you're mine

It's so easy now
How can it be so easy?
And tonight...
I realize how lucky
Love can be with you

It's so easy now
How can it be so easy?
And tonight...
No one can take you from me
You're forever mine
