[Chali 2na]

Like that like that ya don't stop, check it  
One mo' time for the people out there  
It goes peace -- if you come to see me rebel  
2na-Fish'll come ready like I was Edie Brickell  
I'm everlasting, never will my head expand  
This Publisher is Clearinghouse like I'm Ed McMahon  
I getcha -- open like a bullet wound, test the repoitire  
and I'll connect a right cross to your upper jaw  
I'm on my toes, all my foes beware  
cause 2na-Fish'll tackle flows like I'm Rosie Grier, yeah  
Forgot to tell you the response is choice  
Comin to smother the brother with the monster voice  
It's gonna -- wipe slow specimen I got the hype  
so listen in lyrical nitro-glycerin  
We pack a punch like a earthquake set  
Comin through your {fuckin} tapedeck is how we shake  
{shit}  
So all you {bitch-ass} brothers take shelter  
or you'll be on my conveyor belt when I melt ya  
It's like that, one two for J-5  
Let me tell you that we, make it live, gray-la-hey  
Breathin in and out lung style, huh  
Mr. Canibus, won'tcha funk it up for a while
