[Jermaine Dupri]

Ya'll know where we takin this huh

JE ya'll, Nas

So, So, Def

[Nas]

I'm nasty

Never let a pretty face pass me

C'mon ya'll knowin it's easy

For me to get a good girl, turn her out to sleesy and  
trashy

She's freaky, live in the bed

Make baby girl eyes roll in her head

This what you need, my mission is to please, hands to  
the sky

Nas, JE

[JE]

Now your girl said you, was out lookin for me

If so then you, need to come and see

If you ready for a night that you won't never forget

I'll give you pleasure and real love, If you let me in

Baby tell me what it is you want from me

Don't beat around the bush, if you want my body

[Hook] [JE]

If you can want it, girl I got it, got it

Come and get with me

Girl I turn your body inside out, and bring exctasy

If you want it, baby come and bring your body to me

If you need it, girl I got it, got it, got, got, got, got it

c'mon

[JE]

If you want me girl, you need to come with me

I've searched all aroudn the world, finding you is like a  
dream

When we wake up, you won't feel the same about me

Cause you'll realize, your life won't be the same without  
me

Baby tell me what it is you want from me

Don't beat around the bush, if you want my body

[Hook] [JE]

If you can want it, girl I got it, got it  
Come and get with me  
Girl I turn your body inside out, and bring exctasy  
If you want it, baby come and bring your body to me  
If you need it, girl I got it, got it, got, got, got, got it  
c'mon

[Bridge][JE]

Jus you, and me  
baby just bring your body, to me  
tell everybody, about me  
Baby just move your body, around me, me, me

[Nas]

Girl what's your astrology?  
Virgo? If so, you the same sign as me  
Gemini's are fly, the kind I need  
Love Aquarius, and Pisces  
Can't leave a Libra, I live life day to day, let a playa play  
Supporting my women, all my Capricorns and Scorpio  
women  
Leos and Cancer, girl's be bad  
Only sign I can't deal with is Sadge  
Confusin my enemies, never losin  
Clever movement, act smooth where the women be,  
amused by my energy  
When they choose me, I just tell them the music's my  
remedy  
I just swell em, and leave em swollen  
Girl this is something that you need to know

[Hook]x2 [JE]

If you can want it, girl I got it, got it  
Come and get with me  
Girl I turn your body inside out, and bring exctasy  
If you want it, baby come and bring your body to me  
If you need it, girl I got it, got it, got, got, got, got it  
c'mon
