(Aiyyo calm down, fall back!  
Y'all Queensbridge always fightin up in here!)

[Marley Marl]

Ladies and gentlemen, we got Queensbridge Finest up  
in this mothafucker  
tonight  
They just came from war  
They wanna let you know a little something about  
where they come from

"The-the Bridge" "Queensbridge" "The-the Bridge"  
"The-the Bridge" "Queensbridge" "The-the Bridge"  
"The-the Bridge" "Queensbridge" "The-the Bridge"  
"The-the Bridge" "Queensbridge"

[MC Shan]

You love to hear the story, again and again  
About a rap dynasty that just won't end  
The monument, still in your face  
Niggas played out, Shan still in the place  
Hip hop was set out in the dark  
The Bridge was never Over, we left our mark  
The jam is dedicated to you and your boys  
I brought my Queensbridge thugs to kill that noise

[Havoc]

If you was an out-of-towner, had to know somebody wit  
strength  
You know the drill, shit was real, fuck around, got killed  
You know the Hill breed of thugs, death to those that  
squeal  
Squeezin them slugs, one love to thugs that died in the  
field  
So many names don't got time to spit em, but through  
my rhymes they livin  
We the Bridge through tracks I'm givin  
Never lose sight, 41st Side's my life  
The 40th Side of life, dunn we keepin it tight

[Cormega]

Yo it ain't just the music  
Group aspirations or ghetto illusions  
It's the product, east side, and all the beautiful children  
And unleashed dreams comin through each building  
If you sleep, you better wake up as you see  
Mega more mature, I'm on a record wit Nature  
Mind on my paper, nine in my waist  
There's no denyin the greatness  
Queensbridge, never try to disgrace it

[Millennium Thug]

Aiyyo the Queensbridge associations breeds similarity  
Bricked up, chipped off rocked out salaries  
Pull out long guns, pop out casualties  
It's like I gotta see a thug nigga ill as me  
The Ill Will in me, I rep that willingly  
Step back enemies, death tracks feelin me  
Six blocks, losin my mind  
Runnin from D's  
These P's got me usin my nine, I pop off

[Nature]

Y'all know the place where stars is from  
Every night it sparks off and the crowds'll run  
We leave chicks strippin over strollers (Slippin Sova)  
In Queens, you be the victim till you get to know us  
Your hood's bogus, my hood be keepin it crunk  
So much be jumpin off I ain't sleep in a month  
Y'all can play the front line, I be deep in the cut  
Drive through, you can't peep it enough  
You in the Bridge nigga

[Capone]

You must pay homage to my projects  
We thorough to the end  
Only jail and death divide us  
From rap to the crack suppliers  
Out-of-towners get knocked off  
We regualte blocks laws  
I had the hood like Watts flooded wit cop force  
QB to the cracks in the pavement  
Mister Everything that ? pool for stacks in a basement  
Niggas understand the drama we bring  
The legacy, dynasty upholding the ring where QB is  
king, what!

[Tragedy]

Yo for you I take a fifth to the head till I url  
Boomerang dunn, QB bust they gun  
Keep them PC niggas on the run, one  
Mahti specialist, 2-5 the nemesis

The last verse, "T.O.N.Y." remember this  
Resurrect through the birth of my seed, crime genetic  
You synthetic, your gangsta's cosmetic  
I move niggas telekinetic, who wanna set it

[Prodigy]

Yo yo move...

Me and my dogs comin through  
We the grain, go against us you feel pain  
Get ranked on, we beat niggas numb  
These niggas is dumb, you can't resist my dunns  
2001 we still thump, the fuck happened to ya'll?  
We like that snowball, goin downhill  
We get large, you get bullets lodged  
In your jaw, your ribs, your arms  
We party hard, at the bar  
Buyin bottles of overpriced styles and Remy Mar  
The Head Niggas In Charge  
We number one, QB there's no competition  
Infamous Records, Bars and Hooks listen  
Littles, Noyd, and Mega  
We independent, dunn we Infamous Mobbin  
G.O.D., Nitty and Twin in  
The Ill Will Bravehearts, L.E.S. millennium

[Nas]

Yo blow faces, fo-fo blazes, no one's safe  
This music mogul rollin wit a hundred soldiers  
Gangstas we postal  
Oh you didn't, wanna know whose life Was Written  
The life I'm livin  
The ice the women  
The kites that sendin to lifeless biddin  
The streets to prison  
I touch you then buck you  
Heats be spittin  
La-ser, AR fifteen doors come down  
Jaws is broke, your whole crew is coffin bound  
Your hoe, your man, lieutenant, your boss get found  
This dough I got, I spend it and toss around  
New York it's time we flip it, where you from?  
Ladies, it's time we flip it, where you from?  
Now tell me who was the true thugs in videos first?  
Who had the projects behind us, who bit it the worst?  
We from the largest project, yo the biggest on earth  
Queensbridge know they history, left y'all cursed cuz

[Chorus] \*repeat to fade\*

Keep on rockin the Bridge and keep rockin  
If the beats stop rockin, the Bridge'll keep rockin
