la la la la la la la la la

Anticipate you grace to stage
begin to play that stunning way
all eyes on u , wearing all black suit
the crowd goes silent in this place
piano keys, the melodies
that you select it's teasing me

and I'm not really trying to be a bad girl
(tonight)
but you about to make me be a bad girl (tonight)
have another drink, then I'm gonna leave
but I'll make it worth if you ahahah..
If you come over .here and give me....

some Piano lesson, some piano lesson
some piano lesson, some piano lesson
oooh ehhhh
you write a song (la la la)
you write a song (la la la)
you write a song (la la la)
you write a song (la la la)

In the .way U play it makes me wish i had your hands
playing my body like it were a instrument
do it's so good boy, make me wanna do it bad
lesson's so good to me, talking writing a song of that
we can be a duet, you come to my home
cause practice make perfect, we practice all night long

and I'm not really trying to be a bad girl
(tonight)
but you about to make me a bad girl (tonight)
have another drink, then I'm gonna leave
but I'll make it worth if you ahahah..
If you come over .here and give me!

some Piano lesson, some piano lesson
some piano lesson, some piano lesson
oooh ehhhh

you write a song (la la la)
you write a song (la la la)
you write a song (la la la)
lets write a song (la la la)

instruments...

if you come over here and give me...

some Piano lesson, some piano lesson
some piano lesson, some piano lesson
oooh ehhhh
you write a song (la la la)
you write a song (la la la)
you write a song (la la la)
you write a song (la la la)
fades....
