[Pharoahe Monch]

Pharoahe's Official like Starter, hit harder than Fort Green

Authentic, Nike, Adidas and Spalding  
?Permitted? behind the back like makin em all fiend  
From my intricate ways to shake ya whole team  
Official, Starter hit harder than Fort Green  
No authentic, Nike, Adidas and Spalding  
Permitted behind the back like makin em all fiend  
For my intricate ways to break ya whole team

My style, make the whole crowd Se-au  
Like number 55 on the Chargers  
I promise thee I Dodge a nigga like Raul Mondesi  
Somberly stay calm, fighting Means like Natrone  
The bomb, like Hail Mary's inflated wit napalm  
RAP PLEASE US! Deliver scriptures similar to Jesus  
That you couldn't catch if you was Ivan Rodriguez  
So don't compete within the zone where the ? is  
I'm on the phone in the luxury box like George  
Steinbrenner  
The owner, makin you give your Diamond-back like  
Arizona  
Winnin always Indian like Chief Nakahoma  
Sock a nigga in his face, Pharoahe's the Sporting  
Authority  
Blacks attracted to my rap like ?games in sororities?  
You already fucked up when you stepped up to bat  
Strike (one) strike (two) strike (three), that's that

[Chorus]

Pharoahe's Official like Starter, hit harder than Fort Green

Authentic, Nike, Adidas and Spalding  
?Permitted? behind the back like makin em all fiend  
For my intricate ways to break ya whole team  
Official like Starter, hit harder than Fort Green  
No authentic, Nike, Adidas and Spalding  
Permitted behind the back like makin em all fiend  
For my intricate ways to shake ya whole team

Yo the realness stuck, females Blauch my Knob like  
Chuck  
Dispense to standing in count commence to rebound  
like Buck Williams  
Triple Crown threat to score, plus the bonus strange  
Without the Rover, more range than Rey Ordonez  
One of the MC's flip my kind of grammar on the break  
Three on one like Phi Slamma Jamma  
Serve a slot, a curve-splitter-knuckleball-spitter-change  
Every rhyme hid a bitter note, quote "Get a game"  
Not Allen Iverson, forget crossin-over shake men  
Similar to Troy, I bring the pain destined to Aik-man  
Break men off, take men out, make me wanna slander  
Prime Time, my rhyme defense beyond Deion Sanders  
I walk the earth with my Rod in this Strick-land  
Promise, people thought I was Thomas Hearn's the way  
I Hit Man

Chorus  
(Official)

Yeah yeah, come on come on  
It's Lee Stone, Pharoahe Monch for real  
Wit the Official hip hop to kill  
Know what's the deal, come on check it  
Yo yo yo  
Pharoahe's Official like Starter, hit harder than Fort  
Green  
Authentic, Nike, Adidas and Spalding  
Then hid it behind the back like makin em all fiend  
For my intricate way ta-ta-ta-ta yo yo  
Official like Starter, hit harder than Fort Green  
Authentic, Nike, Adidas and Spalding  
The minute behind the back like makin em all fiend  
For my intricate way ta-ta-ta-ta  
Yo, I stick around like hockey, now what the puck  
Cooler than fuck, maneuver like Vancouver Canucks  
In ya speaker, destroy your woofer, mids and tweeters  
Not Wolverine but still I hold Claws like Shameeka  
Water Boys get slaughtered automatic like Bobby  
Boucher  
Push ya wig back like Marv Albert's toupe  
Blaze a Trail like Portland on a track that'll amaze ya  
Omnipotent on the D like Clyde Frazier  
Slide, phase ya, glide get off the uhh  
I'm commin wit the \*scatting\*
