I wanna take the bus today,  
And read a book along the way.  
And never-mind the place I'm going to,  
That's the thing I wanna do.  
Take you on the ride,  
Leave my blackberry aside.  
You wanna watch a moving picture show?  
That's fine  
Let's go

We'll leave, the atmosphere below

And stay  
Up where it's careless and free  
Until  
Till we get back down to earth  
Play  
Like it was our destiny  
Until  
Till we get back down to earth

Back where the sky's a standard blue  
They're always asking what you do  
You never got the time to take it slow  
Always got some place to go  
Round its circle roads  
Through its bends and folds  
I'd rather watch the moonbeams in the sky  
This clear, July

We'll leave, and send them our goodbye

And stay  
Up where it's careless and free  
Until  
Till we get back down to earth  
Play  
Like it was our destiny  
Until  
Till we get back down to earth

Stay  
Up where it's careless and free  
Until  
Till we get back down to earth  
Play  
Like it was our destiny  
Until  
Till we get back down to earth

Back down to earth  
Back down to earth
