Faster than a train could be,  
So glad that you came to me,  
Ooh, ooh I like you  
Over then I'm out again  
What's this all about again,  
Ooh, what'll I do?

When I'm floating on the moon,  
They said I'll be back soon  
But I won't come back til  
Time is over

Ooh, all based on technology  
Frameworks and psychology  
Ooh, something like you  
Takeoff takes a little while  
So that you'll get there in style  
Ooh, satellite blue

Then we're floating on the moon,  
We'll be there soon  
And we won't come back til  
Time is over

Then we're floating on the moon,  
We'll be there soon  
But I won't come back til  
Time is over  
And I won't come back til  
Time is over  
And we won't come back til  
Time is over
