I would be good for you
Don't you believe me
I'd be the type of girl got you feeling high
You wouldn't wanna pass it by
But see I only wanna stay if you'll stay around
I know you like the way that I break it down,
Yeah, move with me baby together we're bound
To the physical

I would make room for you
If you receive me
We'd be the hottest when we come walking in
Got everybody asking then
So hurry come hurry come don't be shy
You wouldn't wanna pass it by
Hurry come hurry come, hurry then
I'm knocking won't you let me in

I only wanna break this illusion down
I only wanna make this confusion grounded
In truths we know and studies we've found
Things become physical

I know you'd like to think that I'm choosing you
But always try to act like I'm using you
Well, move with me baby
You use me too
When things become physical

You like that babe? Yeah?
You like that babe?

I would make room for you
Inside this theater, this theater
We have
Broken dreams playing every night
I wonder if it makes it right
So easy come easy come we believe
We're giving then and we receive
So easy come easy come easily
I want to feel you next to me

I only wanna break this illusion down
I only wanna make this confusion grounded
In truths we know and studies we've found
Things become physical

I know you'd like to think that I'm choosing you
But always try to act like I'm using you
Well, move with me baby
You use me too
When things become physical

In a world like this
It's so easy to be
In a world like this
It's so easy

You could be my boyfriend
In a world like this
Na na na na na na
Maybe?
Na na na na na it's
So easy to be
Na na na na na na na na na na na na na na na
He's my boyfriend
Have you seen my boyfriend?
