i'm crazy 'bout you baby
can't you see it in my eyes?
that's why i ne-ver mind
when you tell me all those lies
i know you gotta a problem
but you do the best you can
so i ne-ver mind
no, i try to understand

it makes no difference what you do
they always find you
watch as they fall to you feet

oh, if you only knew
all the little things that they do for you
you know you drive them crazy, baby
but you never care
you look in their face
like they weren't there

as i recall, i'd never fall for you

this strange situation that i'm going through
i feel so high everytime take a look at you
get out of my brain
because you drive me insane

it's a strange situation that you find me in
i've began watching you, calling you, hanging out... i'll
dial again
oh, won't you tell me what to do?
because i'm so in need of you

oh, what a fallen star
i really like the way that you drive your car
you know it drives me crazy, baby, when you drive so
fast

as i recall, i'd never fall for you

look what you made me do

this strange situation that i'm going through
i feel so high everytime take a look at you
get out of my brain
because you drive me insane

dururudu
dururudu
dururururururudu
dururudu
dururudu du

Oh won't you watch me as I bleed
Because I'm in so desperate need

oh, what a fallen star
i really like the way that you drive your car
you know it drives me crazy, baby, when you drive so
fast

as i recall, i'd never fall for you

Look what you made me do... FOR YOU...

it makes no difference what you do
they always find you
watch as they fall to your feet

Take what you want to take
They'll even let you break what you want to break

you know you drive them crazy, baby
But they're not upset... Do what you want,
they'll just forget.

as i recall, i'd never fall for you

this strange situation that i'm going through
i feel so high everytime take a look at you
get out of my brain
because you drive me insane

it's a strange situation that you find me in
i've began watching you, calling you, hanging out... I'll
dial again
oh, wont you tell me what to do?
because i'm so in need of you

oh, what a fallen star
i really like the way that you drive your car
you know it drives me crazy, baby, when you drive so

fast

as i recall, i'd never fall for you

Look what you made me do...

oh, what a fallen star

i really like the way that you drive your car

you know it drives me crazy, baby, when you drive so
fast

as i recall, i'd never fall for you

Look what you made me do...

as i recall, i'd never fall for you

for you

(whispers)

as i recall, i'd never fall for you
