I have no space, no room to move around  
And this box is getting smaller  
I'm trying to get out

How did I get so far from where I was?  
When did I decide to lose my way?  
Who have I become,

I got a new low, all 52 cards in a row  
I see now that I won't let go  
No I won't let go

Well who am I, a cold shoulder left to cry  
You feel bad, well so do I  
Yeah so do I

I've been right, I've been left  
I've been wrong, I've been left behind  
I've been up, but mostly down (x2)

I cannot help feeling like I have so much at stake  
So I lock myself inside my head and I just run in place  
So many directions I don't know which way to go  
I'm so busy doing nothing I got nothing to show

I got a new low, all 52 cards in a row  
I see now that I won't let go  
No I won't let go

Well who am I, a cold shoulder used to cry  
You feel bad, well so do I  
Yeah so do I

I've been right, I've been left  
I've been wrong, I've been left behind  
I've been up, but mostly down (x2)

I make mistakes just like everybody else  
But instead of letting go of it, I can't forgive myself  
I did my time in a windowless box  
Like it or not

All I got now is today  
Tomorrow aint here  
Yesterday is gone dead on me anyway

I've been right, I've been left  
I've been wrong, I've been left behind  
I've been up, but mostly down (x4)

"After your dreams have all died  
ans mourning isn't mourning...  
Who are you?"
