[P.O.S.] Dragging a lake, dragging a kettlebell, nothing ever gets done Nothing ever just makes, so much dismantle, nothing ever gets done Never people in place, every never is now, every never is now Find a base, hold your space like a Spartan Never fill in the blanks, let 'em hang in the ranks, let 'em crowd up Never cut to the chase or skip to the bullets and blaze, watch 'em get loud Take it title to credits, every never is now, every never is now Clear the space, let it out... okay Chew at the trap, just a hobby, a fact, an option to counter the doubt I'm so cozy without, watch 'em gather what's haunted and shove in they mouth See the trouble is humble is over and modesty suffers it out Honesty tougher than tissue is now, leather is gone with the horse and the plow Never better when better won't do, bet on that, they gon' pedal the cure Coca Cola gave how much to who? Words subvert subdue, let 'em sell it to you You, you, nothing's better than aiming at nothing and hitting your mark Everyone's famous, now we can just sit in the dark, and wait Dragging a lake, dragging a kettlebell, nothing ever gets done ay So quick with the take, so quick with the show and tell, everybody is number one Never nothing for you huh? Every never is now Take two and call when you need a few more, you can beat at they door They don't sleep, they don't need it Killing the shakes, keeping the spins huh, nothing ever gets done So carried away, now carry the burden, nothing ever gets done Never no one for you huh? Every never is now (every never is now) Every never is now, every never is now (every never is now) Dragging a lake, keeping the cool clothes, nothing ever gets done Skipping the change, keeping the fools gold Everybody's so shiny and new, new, new, look at you You got so much to show for the work you put in, look at you, you You stay helping yourself fill up on the bread, that's how they get you [Judah Nagler] I'll be the ground... nobody gets me down... I'll be the bridge... I'll fall from the highest ledge [P.O.S.] Rubbed so raw, so wrong, so vigorous Twist that bleed, that venom, get rid of it all Every never is now { \*4X\* } Don't sweat nothing, don't

mention it Don't wait, anything but forward is a waste of  
time Every never is now { \*6X\* } [Judah Nagler] I'll be  
the ground, nobody gets me down living in the crowd  
I'll be the bridge, fall from the highest ledge, sleeping  
in the ditch I'll be the ground, nobody gets me down  
living in the crowd I'll be the bridge, fall from the  
highest ledge, sleeping in the ditch
