Heres every world  
Cutting teeth and I talk to curl  
Oohhh Grind into the soil  
In the river beds, I am  
Ooh  
And now the play that I see  
Has got an extra miles  
Ooh  
Intestines stretch across the heartland I am  
( intrumental break)  
And all the silos have missiles  
And all the tables have bread on them  
Now you know girls beautiful and big tailed  
Million little boys with sling shots and big dreams  
There's a single snowflake for every blade of grass  
And now the silos have missiles  
And know the tables have bread on them  
I am  
(Instumental break)  
It's a cool bath  
I am  
It's a cool bath  
I am  
It's a cool bath  
I am  
Ohhh ohhh  
Ooh ooh  
Ooh ooh  
Ooh ooh
