Occident out on the weekend
That's the way that we relax

English Breakfast tastes like Darjeeling
But she's too cute to even ask

Blake's got a new face (Blake's got a new face)

Nastiness will cause your doom
Turn and walk back to your room

The precedent's already set now
You spend a week in Old San Juan

Spanish brownstone with chairs of leather
And Spanish waves to roll along

Majesty's not overheard
Cryptographs can't stand the word

Oh your collegiate grief has left you dowdy in sweatshirts
Absolute horror!
