Intro

[Crowd chants "PackFM"]

["Oh Shit" scratched]

[Verse 1]

Ayo my dick in your mouth!

Alright, I got that out the way

Now everybody simmer down, 'cuz what I'm about to say

Is gonna knock you out the frame

Around the way or outta state, I make the ground shake

You don't know how to play, then get up out my face

Right now ya eyes squintin'

Neck got ya head at an angle bobbin up and down to the rhythm like a piston

Move it slightly side to side, sorta like some nervous twitchin'

Same shit happened to me - that's how I know it's hittin'

Qn5, we on a mission, startin' out in pole position'

Guaranteed to go the distance

Never waste a second, flow's efficient

Try to tell ya man he better when you know he isn't

Givin' me demos to listen, wack MCs are so persistent

One guy was like, "Yo, I rhyme too, I'm nice" (oh woord?)

"I know that you be comin' wit them punchlines right -

You should've tried out for unsigned hype"

Why? Outta the last 48, I ain't hear one I liked

Okay, maybe 3 - Basically, just wait and see

I lace the beat and leave the spot in vacancy

Don't give a fuck who's ratin' me

This is for my niggaz who been down from day one

And stayed wit me since "kickin you in ya grill, face-the-feet..."

[Hook]

Y'all know what the fuck this is

You know what the fuck to do

It's the motherfuckin' kid

Right the fuck in front of you

Mind ya motherfuckin' biz

Who the fuck you talkin to?
Man, I split ya fuckin' wig
What the fuck you gonna do?
