[Chorus]

Centaur lady  
In reverse  
Lovely body but her face  
Like a horse

[Session]

Yo, Ill tell you what's great about fuckin' a hit chick  
She won't complain if you just bust in her quick, shit  
She better be happy she got thrust with a stiff dick  
And she'd never cheat, dawg. I'm trustin' this bitch wit  
Anybody even drunk you wouldn't catch 'em in the  
place  
When she was born the doctor even smacked her in the  
face  
I introduce her to my boys, they tried to hold me back  
I told em, "I ain't Shallow Hal, dawg, I know she fat!"  
Fuck it, at least she make sure I don't see her when I  
wake up  
Cause she's so ugly she need to creep up on her make-  
up  
Can lead a prenup if we break up, cause we never will  
Won't give her plastic surgery even if I get a deal  
For Halloween kids go as her but of course  
It's tricky cause kids gotta find the fur of a horse  
This Session tellin' you to get the ugly chick freak and  
Trust me, mistreat her cause never the musty bitch  
cheatin'

[Tonedeff]

Yo Son, I'm sick of these pretty bitches, they're a  
nightmare to deal with  
Hoes actin' like they deserve to have their heels licked  
with fake or even real tits, It's like they wantin fame for  
their appearance  
So, I made a severe switch, let me explain what the  
deal is  
I met this ugly bitch in the fish section of market  
I mean for real, this bitch looked like Linda Tripp's  
illegitimate armpit  
And yeah, the sex was a bit awkward, but trust me fam

I covered her head with a pillowcase while yellin out,  
"Fuck the klan!"  
We go to clubs to dance, the floor clears, bouncers  
shout  
Hit up the carnival, they hand her a job app for the  
haunted house  
And I get mad confused when it comes to humpin'  
around  
She asks me to fuck her ass but then tells me, "You  
fucka mah mouf!"  
And I'm buggin' out cause it's fucked up when your girl  
gets her nails painted  
And the first thing you think is, "You get a face lift?"  
Would I trade? Sheeeit...Man, I can't call it  
It's a marriage of convenience and I always get the  
handicapped parking

[Chorus 2X]

[Substantial]

Yeah, yo  
Got this girl, she's reminiscin' of Cole's Big Shirly  
Burly, she dont know the definition of girly  
When it's early, she runs a mile with me on her  
shoulders  
Nickname's Jawbones, teeth look like she bite boulders  
You might notice there's no talk of head mentioned  
Cuz the time I got it it was like another circumcision  
(ow, it hurts!)  
Listen, her naked you'd hate to see  
So brolic when we have sex it's like she rapin' me  
And I ain't a small dude, you should hear her talk too  
How boo got more bass in her voice than I do? (I love  
you)  
Yeah baby, whatever you say  
Bikini wax? Her bush look like a fuckin' toupet  
No choice but to take one for the team or it's curtains  
Can't prove it but I think she might've killed my old  
girlfriend  
Downer, but it's useful bein' around her  
Cause when we in the club I got my own personal  
bouncer

[PackFM]

Yo, it don't bug me that she's ugly as long as she loves  
me  
And when we out in public she has to promise not to  
hug me  
Ok, shes kinda chubby but her smiles cute, dont knock  
it  
She got three teeth, two in her mouth and one in her

pocket  
Let's not kid, I'm positive that she ain't gonna leave me  
She can't chew through a new leash, she only got two  
teeth  
We go to dark places like the movies. Dinner? think not  
Can't use a knife and fork, I gotta feed her with a  
slingshot  
Get a doggy bag only hit it doggy style  
Can't blame her mom and dad for makin' her an only  
child  
You don't want a bunch of those things runnin' around  
the house  
We'll be safe as long as you can't get pregnant through  
the mouth  
I know what fly chicks are about and fuckin' wit' 'em  
isn't smart  
They'll burn a hole in your pocket and it spreads to your  
heart  
So if your ratin's more than eight to ten and you high  
maintenance  
Better have an ugly friend cause I'll be datin' them

She's ugly as sin  
The bitch has goat titties  
She suckles migdet on them  
The bitches toes are longer than her fingers  
She dips her big toe in ink and writes me love letters  
The bitches vagina looks like a wombat dipped in  
chewed bubblegum  
It's disgusting
