Love can be complicated  
Too often mistranslated  
One word for all dynamics  
Leads to problematic  
Emotions and affections  
Feelings in all directions  
Sometimes a simple action  
Creates satisfaction  
And as long as you are mine  
I will take the time, to let you know  
What I feel cause  
All I need  
Is everything you are, complete  
And if you ever fall I'll be here  
Standing in the shadow of my heart  
Cherish is lost to chatter  
Mind games over matter  
I'm not looking for suggestions  
More answers, with questions  
I speak in hugs and kisses  
cause true love never misses

I will lead or follow  
To be with you tomorrow  
And as long as you are mine  
I will take the time, to let you know  
What I feel cause  
All I need  
Is everything you are, complete  
And if you ever fall I'll be here  
Standing in the shadow of my heart  
There's nothing you could ever say, boy  
There's nothing you could ever do  
To make me want to walk away  
And as long as you are mine  
I will remind myself  
That this love is real  
All I need  
Is everything you are, complete  
And if you ever fall I'll be here  
Standing in the shadow of my heart
