Lost in emotion  
deep in ur ocean of lies  
foolish me almost didn't see  
your honesty disguise

cuz ur words sputter out in a ball of confusion  
that gives the illusion that u might be sincere  
but ur not really here  
cuz ur minds in the gutter and im not that stupid

Romeo, lay down ur ego  
cuz deep inside is a color u can't hide  
who u are is the way u speak of others  
no im not ur lover  
im just a grl u lied to for the last time

cuz it feels like emotional breakdown from somebody  
livin in a dream world  
wishin on juliet, hasn't got a dime yet  
fishin for lines u sound so tired

Romeo lay down ur ego  
cuz deep inside is a color u can't hide who u are is the  
way u speak of others no im not ur  
lover just a grl u lied to for the last time

and the workd that u say that u say that u say they just  
het in the way in the way in the way  
of being for real

Romeo lay down ur ego baby  
cuz deep inside is a fool u can't hide  
who u are is the way u speak of others  
no im not ur lover just a grl u lied to for the last .....  
time
