This feeling that I have today is not enough
to make me understand your way
you are so passive are so cool and it seems you aren't yourself
but you can't fake me anymore!
My love was always yours
You have taken when you needed
You have smashed it when you wanted
My love was always yours
And so I won't trust in you no more
Yeah I need to come along
I cannot help my love's still strong
But all you want is being free
I'll never make the same mistake, it's enough
I understand your way
You wanna take possession of my heart
Wanna take possession of my mind
But you can't fake me anymore
My love was always yours
You have taken when you needed
You have smashed it when you wanted

My love was always yours

And so I won't trust in you no more

Yeah I need to come along

I cannot help my love's still strong

But all you want is being free
