Loved a girl who was sad  
Wanted me to be her dad  
And I met her breaking glass  
Damn  
I left her pretty fast  
Lost a girl with the legs  
She had super dirty ways  
Had a girl who could drive and a girl who could fight

Met a girl at the drugstore  
One on the second floor  
Took her to the east shore but you know that got sore  
Girl who's a waitress  
One with a paycheck  
Girl who's a temptress that baby's all about stress

I love the way you let me pay for all your dreams and  
burdens  
I took your history  
Yeah  
I crushed it and I loved it baby  
I was of it  
Ah  
You fill the holes in me

Where do I go  
You got my rhythm  
I can't move without you baby

Where do I go  
You're all I am girl  
Hold me in your hand girl  
Where do I go

You know the girl with the scar  
Back from when she crashed her car  
Yeah  
She kinda lost her mind  
I guess we weren't so alike  
There's a girl wearing black 'cause she thinks it makes  
her thin

But it's really just depressing  
I bet she's the type for mining

There's a girl who's a doctor  
Looking for her father  
Sits around the diamond store acting like she knows  
more  
One who is sick and a girl who is thick  
Got a friend who's so thin you can never  
Ever find her

Girl with a guy's name but she never plays games  
Lips like a hurricane  
Pull me up in your rain  
Held her 'til I died  
You know back on Sunday night  
This girl  
What I'd give to have you  
Anything to hold you

Where do I go  
You got my rhythm  
I can't move without you baby

Where do I go  
You're all I am girl  
Hold me in your hand girl  
Where do I go

Oh  
The girl at the truck stop living on her last luck  
Asking me for my love but my heart was too tough  
Girl at the ballet  
Dancing like a lady  
Oh  
What it did to me  
Starring at that beauty

One who is so fine  
Living on her dad's dime  
Girl that's a model  
Her baby needs a bottle  
Met a girl with disease  
And a couple on their knees  
You know  
Praying just to get straight  
Loving just to get paid

You're the one with the soft touch  
Damn  
I love you sweetheart

You're like no other ones  
Oh  
Keep you close  
A second dose  
You're pretty pose changes my look on life today  
You're the one that I've trusted to hold all of my fears  
inside of

Where do I go  
You got my rhythm  
I can't move without you baby

Where do I go  
You're all I am girl  
Hold me in your hand girl  
Where do I go
