I crossed the tracks
I crossed the line
I doused my heart with turpentine
It stings a bit
I must admit
Too many coats but none that fit

I've been squared (?)
I've been around
I've been everywhere
I've been upside down

By slight of hand
Heart of slander
Damned to leave
But born to meander

It's a solitary fare
It's a feast for thieves
When you dance with the devil
You don't waltz for free no

Hold me to the fire
I weep and will?
I'll scar the earth with the tears I spill
Brick by brick
Wall by wall
Make my, my crying call with a wrecking ball
Stuck in the middle
Between fire and ice
Don't look like heaven waiting on either side

Lock my wicked heart in this rickety cage
It ticks out of time it feels off its age
I'll curse my blessings
I'll curse them twice
I'll file my nails and gouge out my eyes
I see the light
In a different shade
Won't fear the night when it's black as day no

I crossed the tracks

I crossed the line
I doused my heart with turpentine
I crossed the tracks
I crossed the line
I doused my heart with turpentine
