It's alright when you've said goodbye, it's alright when
it's all wrong

It's just fine, there's no need to cry, now's your chance
to sing your song

You've got your break now, you can do what you want

Don't hesitate now, you're on your own now, no
obligations

Chorus:

Welcome to the club - you're so cool when you're out of
love

Welcome to the club - you're very cool when you're out
of love

It's so common, must be in the air, no one goes steady
anymore

It seems right now, everyone breaks out, it's more fun
to chaperone

Alright with me, hunting season's here

There's so much prey there, my gun is loaded and now
I'm ready

(chorus)

Yeah yeah

(Solo)

Welcome to the club - you're so cool when you're out of
love (repeats 3x)

Welcome to the club!
