You ain't going nowhere, as long as he's the driver
You can ride with him, but it'll never be the same(same,
same)

One look at ya' tells me that you wanna be taken higher
See the problem is you wish,
He could make you feel the way I do.

Why waste time when you know I got it?
Come on girl, you know you want it
You know it's impossible to get what you're lookin' for
from him, he can't do it, like me, I'm gonna prove it
I've got a question can you help me out?

How many people can do it like me?
ZERO!
Keep it so cool like me?
ZERO!
Girl you know there ain't nobody(nobody)
else that can make it so hot like me(zero!)
take it to the top like me(zero!)
Girl you know there ain't nobody, nobody, ZERO!

It aint a good look without me in your corner
You rock with him but he'll never fill my space, space,
space
One look at him tells me that he ain't the right one for
ya'
I dont understand why you settle being here in second
place

Why waste time when you know I got it?
Come on girl, you know you want it
You know its impossible to get what you're lookin' for
from him, he can't do it, like me, I'm gonna prove it
I got a question can you help me out?

How many people can do it like me?
ZERO!

keep it so cool like me?
ZERO!
Girl you know there ain't nobody, nobody
else who can make it so hot like me(zero!)
take it to the top like me
ZERO!
Girl you know there ain't nobody, nobody
ZERO!

There's only one guy that can make you feel right,
that's me, myself, and I
so don't even try to make it work with him only you
know
I'm the ORIGINAL, NAL, NAL, NANANAAA

How many people can do it like me?
ZERO!
keep it so cool like me?
ZERO!
girl you know there ain't nobody, nobody(there ain't
nobody, yeahh)
else that can make as hot like me
ZERO!(baaaaabe)
take it to the top like me
girl you know there ain't nobody,
nobody(ohhhhhhhhhhhh...)

How many people can do it like me?
ZERO!
keep it so cool like me
ZERO!
Girl you know there ain't nobody, nobody,
else that can make it so hot like me(whoo!)
ZERO!
take it to the top like me(ohhh)
