When I'm standing next to you
There's a song to sing , I know
everything's feeling right
When I'm standing next to you
Steeple bells ring only good things do I see
When you're next to me
When I hold your hand in mine
Different world wakes, a new morning breaks with the
sun
When I hold your hand in mine
Children's reaching flight through a star lit
night that's what I see
When you're next to me
This love for you I'm feeling, has a power that
is healing
It can mend the darkest hour with glorious light
When I taste your lips so sweet
I see beggars dine and the sands of time up and stuff
When I taste your lips so sweet
Black and white bend, every dog lands at your feet
When you're next to me
This love for you I'm feeling, has a power that
is healing
It can mend the darkest hour with glorious light
When I'm lying next to you
I feel moonbeams burn, I see rainbows turning to gold
When I'm lying next to you
I hear Angels play, I see sweeter days, I see rivers wind
Through the end of time
I see hatred fall from the highest hill
I see God's good grace shining in your eyes,
that's what I see
When you're next to me
