There's a bend in every road you take  
that leads you out of sight

Journey on to the circle's end until you see the light.  
In this world  
that we call our own  
there's room to change your mind.  
In this world  
it's pur only one and all we need is time.

Life  
such a dangerous game  
and there is so much to lose

When will we ever learn the meaning of the rules.  
In this world  
that we call our own  
tides begin to turn.  
In this world  
it's our only one  
the flame starts to burn.  
And local heroes waiting for the great big rumble.  
They pull the strings  
but there is still so much unsaid.  
There's gotta be some way to make the king act  
humble.  
'cause only fools rush in  
where angels fear to tread.  
In this world  
that we call our own  
tides begin to turn  
In this world  
it's our only one  
the flame starts to burn
