Lilly likes Beatles songs  
The words are off, but they don't feel that wrong  
She came in through the bedroom window like a blue  
girl  
Like a blue girl, like a blue girl

Never has to try too hard  
Her whispered words could mend broken hearts  
Her sundress shines through a hurricane  
Making all boys squeal like swine before her

Hey, Little Lilly,  
Don't believe everything you see  
Hey, Little Lilly,  
Don't believe everything you see

Round and round and round she goes  
Like a sweetheart's girls at the movie show  
Lilly leans back in the very last row  
The lights go low, the show goes on

Even schoolgirls like her way  
Oh, marry the preacher, you'd make a little angel  
someday  
Silent as a child when the first snows fall  
Perfect player in anyone's own little world

Hey, Little Lilly,  
Don't believe everything you see  
Hey, Little Lilly,  
Don't believe everything you see

Round and round the taxi goes  
Like Shirley's curlies at the movie shows  
Lilly leans back in the very last row  
And the lights go low, the show goes on

Lilly likes Beatles songs  
The words are off, but they don't feel that wrong  
She came in through the bedroom window like a blue  
girl

Like a blue girl, like a blue girl

Hey, Little Lilly,  
Don't believe everything you see  
Hey, Little Lilly,  
Don't believe everything you see  
Hey, Little Lilly,  
It's only real if you believe  
It's only real if you believe  
It's only real if you believe
