Something special, sexy, wonderful [x8]

Saw you standing there, I wanted you to be my baby  
Saw you standing there, I can't believe the way you  
managed to phase me  
Yeah, yeah, yeah  
There's a look that's in your eyes,  
Could only be described, so amazing  
And a sweetness in your smile, could only be defined,  
Something, special, sexy, wonderful

Something special, sexy, wonderful [x4]

Something special, sexy, wonderful [x8]

Saw you standing there, I wanted you to be my baby  
Saw you standing there, I can't believe the way you  
managed to phase me  
Yeah, yeah, yeah  
There's a look that's in your eyes,  
Could only be described, so amazing  
(It's so amazing baby)  
And a sweetness in your smile, could only be defined,  
Something special, sexy, wonderful

Something special, sexy, wonderful [x4]

Something special, sexy, wonderful [repeat until the  
end]
