( Hammill )

"Unreal, unreal" ghost helmsmen scream  
and fall in through the sky,  
Not breaking, through my seagull shrieks:  
no breaks until I die.  
The spectres scratch on window-slits  
hollowed faces, and mindless grins  
only intent on destroying what they've lost.

I crawl the wall till steepness ends  
in the vertical fall;  
My pain has sailed into the sea -  
no joking hopes at dawn!  
White bone shine in the iron-jaw mask  
Lost mastheads pierce the freezing dark  
and parallel my isolated tower...  
no paraffin for the flame -  
no harbour left to gain.
