So you live in the bottom of the sea  
And you kill all that come near you  
But you are very lonely  
Because all the other fish fear you

And you crave companionship  
And someone to call your own  
Because for the whole of your life  
You've been living alone

On a black day in a black month  
At the black bottom of the sea  
Your mother gave birth to you  
And died immediately

'Cos you can't have two killers  
Living in the same pad and when  
Your mother knew that her time  
Had come, she was really rather glad

Death in the sea, death in the sea, somebody  
Please come and help me, come and help me  
Death in the sea, death in the sea, somebody  
Please come and help me, come and help me

Fishes can't fly, fishes can't fly  
Fishes can't and neither can I, neither can I  
Fishes can't fly, fishes can't fly  
Fishes can't and neither can I, neither can I

Now, I'm really rather like you  
For I've killed all the love I ever had  
By not doing all I ought to  
And by leaving my mind coming bad

And I too am a killer  
For emotion runs as deep as flesh  
And I too am so lonely  
And I wish that I could forget

We need love, we need love, we need love  
We need love, we need love, we need love

We need love, we need love, we need love
