Where is the God that guides my hand?  
How can the hands of others reach me?  
When will I find what I grope for?  
Who is going to teach me?  
I am me / me are we / we can't see  
any way out of here.  
Crashing sea - a trophied history:  
Chance has lost my Guinevere...

I don't want to be one wave in the water  
But sea will drag me deep  
One more haggard drowned man...

I can see the lemmings coming,  
but I know I'm just a man;  
Do I join or do I founder?  
Which can is the best I may?
