[Howard:] ..Do you know what it is about this place that can get to a man?

[Vince:] No?

[Howard:] Have a look, in here. What do you see?

[Vince:] Nothing?

[Howard:] Exactly. It's the nothingness.

[music starts]

The whiteness

The endless...ness

Stretching on beyond the human imagination

Desolation of the soul!

OH MY GOD.....

Ice cold. nowhere to go.

Ice cold. nowhere to go.

Lost in the blinding whiteness of the Tundra...check him out.

They call him the shrew

Arms in shot

Then with the claw..

[Vince:]

I'm little Johnny Frostbite

Moving around

Freezing you up

Freezing you down

Like an icicle

Coming in your tent

In the big white

Freezer bite

[Howard +Vince:]

Arctic Death!

[Vince:]

Infinite Light

[Howard:]
Call me Tundra Boy
Because I move like an arctic

[Howard+Vince:]
LIZARD!

[Howard:]
When the blizzard strikes
I disappear like a pipe dream
All that is left is the gleam
Of a death bed

[Howard+Vince:]
Boosh, Boosh,
Stronger than a moose
Lock up your door or
We'll come for your roof top
Stop, look around (?)
Get your mind off the floor
Because the Boosh is loose
And we're a little bit cold..

Ice cold. Nowhere to go!
Ice cold. Nowhere to go!
Lost in the blinding whiteness of the Tundra!
