Don't talk to the snake
Hey can't you see what glitters
Isn't always made of gold
Watch out for diamonds made of glass
And please avoid those people
Born without a soul
And don't fall in the trap
Don't talk to the snake
Don't talk to the snake
Beware of shiny things
That look so good at first
Look out, 'cause something must be fake
And don't let people blend you
When they talk about the purse
And don't talk to the snake
REFRAIN:
Don't talk to the snake now
Please take care
Watch out for the snake now
He is everywhere
Don't talk to the snake now
He is so fake
Watch out for the snake now
'cause he's a fake
Don't talk - tell me what's your name
Watch out - for the snake
Don't talk - come on in my trap
Don't talk - to the snake
Hey watch out for the man
Who turns his charms on like a light
And look out for things that look to good
Don't let the sunny side of life
Make you forget the night
And don't reach for dude
Don't talk to the snake
Don't talk to the snake

Look out for the woman
With the perfect pretty face
Stop now before it gets too late
Don't let her move too fast until

You set your own sweet pace
And don't talk to the snake
Don't talk to the snake now
Please take care
Watch out for the snake now
He is everywhere
Don't talk to the snake now
He is so fake
Watch out for the snake now
'cause he's a fake
Don't talk - tell me what's your name
Watch out - for the snake
Don't talk - come on in my trap
Don't talk - to the snake
Don't talk to the snake now
Please take care
Watch out for the snake now
He is everywhere
Don't talk to the snake now
He is so fake
Watch out for the snake now
'cause he's a fake
Don't talk, watch out, don't talk, don't talk
Don't talk to the snake now
Please take care
Watch out for the snake now
He is everywhere
Don't talk to the snake now
He is so fake
Watch out for the snake now
'cause he's a fake
Don't talk, watch out, don't talk, don't talk
